DETAILED ACTION

Response to Arguments

Applicant's arguments, see page 3, filed 21 November 2005, with respect to the drawings in compliance with 37 CFR 1.84 (p) have been fully considered. The examiner acknowledges that while reference characters greatly add to the readability and understanding of the drawings with respect to the specification, they are not required in drawings under 37 CFR 1.84 (p) unless mentioned in the specification. The objection to the drawings under 37 CFR 1.84 (p) has been withdrawn.

Conclusion

The amendments to the specification filed 21 November 2005 are accepted. The amendments overcome the objection to the specification; accordingly the objection is respectfully withdrawn.

As previously indicated, claims 1 and 2 are allowed.
